

Uninstalling The Edge

If for some reason you are advised to uninstall The Edge, be sure to do the following steps:

1. Backup the database. Instructions for backing up are in The Edge User's Guide, section 2.6.
2. Use the remove program feature in Windows:
 - a. Go to **Start ► Control Panel ► Programs and Features**.
 - b. Find **The Edge by Abbott & Shapiro, Inc.**
 - c. Select it and select **Uninstall**.
 - d. Follow the prompts.
3. Go to `c:\Program Files (x86)` and delete the folder labeled `ajsllc`.
4. If desired, delete the database folder manually.
